This Add New Product page offers a simple and user-friendly way to add products. It includes fields for product details like name, price, stock, flavor, and nutrition facts. Users can also upload product images for better presentation. The clean and organized layout ensures a smooth experience.

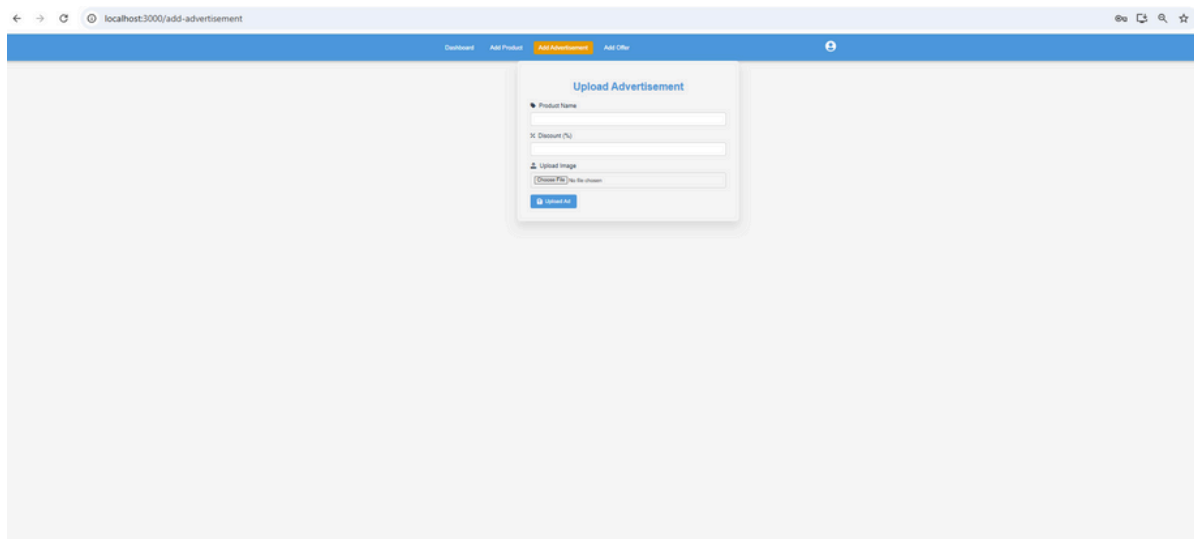

Add Offer Page

The screenshot shows a web browser window with the address bar displaying 'localhost:3000/add-offer'. The application's navigation bar is blue and contains links for 'Dashboard', 'Add Product', 'Add Advertisement', and 'Add Offer' (which is highlighted in orange). The main content area is light gray and features a white modal box titled 'Upload Offer'. This modal contains the following fields: 'Product Name' (with a dropdown arrow), 'From Amount' (with a dropdown arrow), 'To Discount (%)', and 'Upload Image' (with a file upload icon and a 'Choose File' button). At the bottom of the modal is a blue 'Upload Offer' button.

The Add Offer page allows admins to create special product offers starting from a specific price. It includes fields to define the offer details such as the product name, description, the price at which the offer starts, the discount percentage.

Add Advertisement Page

The screenshot shows a web browser window with the address bar displaying 'localhost:3000/add-advertisement'. The application's navigation bar is blue and contains links for 'Dashboard', 'Add Product', 'Add Advertisement' (which is highlighted in orange), and 'Add Offer'. The main content area is light gray and features a white modal box titled 'Upload Advertisement'. This modal contains the following fields: 'Product Name' (with a dropdown arrow), 'To Discount (%)', and 'Upload Image' (with a file upload icon and a 'Choose File' button). At the bottom of the modal is a blue 'Upload Ad' button.

The Add Advertisement page allows admins to upload and manage special offer advertisement posters. This page is designed to showcase promotional banners or ads related to ongoing offers, discounts, or events.
